Pole Position by President Bobbi Treen

I certainly hope that you are having a wonderful new year and that this finds you and yours healthy and happy. As we ring in 2019 there are even more changes within our BMW CCA family. First on the National BOD agenda is voting for a change in the By-Law (the National ones, not our chapter ones (but we are working on it.)). Read the proposed change on the term limits that they want to extend and change. They have their reasons for doing it but please do not blindly vote with their recommendation of a YES. Read it yourself and analyze what it really means and what will result from this change. And if you do not bother to read it or cast your vote, then you are in the majority of the "Don't care members". That is your choice as well. Another item to mention is that the staff at National, in Greenville SC, is moving from their cramped, overflowing office in downtown to a very spacious office building not far from the plant and all things BMW. Their other plan of attempting to purchase land next to the Foundation and build was not going to work out. They had already spent many hours and resources attempting to make it happen, but it did not. This new building is move-in ready with a few necessary improvements. Oktoberfest 2019 will be in the Greenville area with several activities hosted at the new office building. If you have wedding plans in the future perhaps you could consider this your destination venue. Seriously, they plan on "renting out" part of the office space for special events.

We hosted **two holiday parties** (picnic) this past year to engage the membership in the south area of the chapter. One was in Pembroke Pines (November 17) and the second one in Jupiter (December 1). We had a decent turn out of members for both events. Personally, I was hoping for more members to attend. Many of our members did attend both picnics. The food was great for both locations. Lots of wonderful door prizes and raffle items! I THANK everyone that helped with the two picnics. IT takes many hours to make these things happen and be successful. So what were your thoughts on our TWO HOLIDAY PARTIES? Do you think we should do it again in 2019? They are your picnics/parties, your friends and your admiration of BMW's. The cool kids are always there.

Everglades Chapter membership, as of December 31 is: 1569 members – (of that 206 Associates). We had 31 new members join us. We welcome our members and thank all of you for joining and renewing your membership.

TRSS may not be scheduled just yet, but we actively looking for a suitable venue. I heard we have been challenged to complete four this year. We can do it if we get a suitable location and the volunteers.

MY FIRST BMW. Do not forget to send us your story about your first BMW. Daniel Kane submitted his story! You can do this too! Please, send us your pictures and articles. Do not be afraid.

Chapter Monthly SOCIAL Meetings. West Palm Beach area: THIRD Tuesday of the Month – NEW Location - The Red Lobster at 2201 Palm Beach Lakes Blvd. (annual meeting is Jan 15; Feb 19; March 19; April 16). The rooms are generally ready by 7PM and meeting is 7:30pm-ish. Ft. Lauderdale are: Currently at the Old Heidelberg Restaurant – on the FIRST Tuesday of the month – Next one is February 5th (March 5; April 2). We do hope that one of the two locations are convenient for you to attend. Our email blasts via Constant Contact will keep you informed (so please do not unsubscribe us!).

CHAPTER CALENDAR CONTEST: Start looking for your BEST photo of your BMW... Our committee will be voting on pictures sent to them from our members to select for our first chapter calendar – for 2020. Mike Willette will be chairing this committee. Email michaelwillette@yahoo.com with your photo submissions and/or questions. An attachment was sent on an email blast on Jan 13 explaining the full rules and additional information. Here are a few of the rules (but incomplete list): Current members with at least one year of membership with Everglades Chapter; BMW's that you own; deadline is April 1. THE 2020 Chapter calendar will be available to all members for ordering. We will have a collage of the great photos not selected as one of the twelve. Let the FUN begin -

WHO wants to be an area rep? Who wants to volunteer? Who wants to be an elected chapter officer? We need to make sure our members enjoy the BMW CCA experience. I will say that it is frustrating when you spend so much time planning and organizing something and there is a very low turnout or no interest. But we do it anyway. We have been trying for years to get more geographically representation of the Chapter (we could call them Zone Governors, Area Reps): The Keys, Miami, Ft. Lauderdale, Ft. Pierce, Vero Beach. We have had members contact us asking about what they can do, it is explained but nothing seems to happen. We cannot form a new chapter, but we can divide our chapter into zones. And that is why we started the second monthly meetings in Ft. Lauderdale. I find that I need to remind our membership that you do not have to be an officer to plan and execute an event, to be involved. It is your chapter, have fun with it. Some events have requirements for it to happen. You may need an insurance certificate and signed waivers (anything with your BMW wheels moving – even a simple lunch meet – that includes driving somewhere together). But it is not a BIG deal, and probably the easiest part of organizing the event. Most events do not cost any additional money. Let us bring back our Ice Cream socials. Summer Crush Winery for concert in Ft Pierce: <https://www.summcrushwine.com> In West Palm Beach the Grandview Public Market has concerts, dancing, food, drinks and fun. <https://www.grandviewpublic.com> and I could go on and on.... I challenge you to do a spontaneous event. After contacting an officer with your event planning information and finalizing plans – We can Post it on our website, the chapter Facebook page and an email blast! Make it happen, together.

Safe Travels. Bobbi Treen – President

Editor's Corner by Michael J Posner

Its now 2019 and an almost new to me 2016 M4 has brought a bit a mod fever. So far I have stuck with the cosmetics, carbon fiber shift knob, front euro license plate, lug nut covers (why does BMW insist on ugly lug bolts!) and some coding with Carly. I also modded an old snap adapter meant for smaller iPhones to work with my 120ghb iPod. Next will be an integrated radar detector and laser jammer system to prevent those pesky speeding ticket. Worked well in my 2013...

I also will probably reinstall my compact subwoofer and amp custom made to fit under the cramped trunk of the M6 and a perfect fit in my M4. Just have to find the time to get this mounted.

Performance tuning is also an option, though it can effect the factory warranty. I am considering the open flash tablet, (tinyurl.com/yckmct5t), which allows for a variety of stages to be installed, from mild to hard core. It also backs up the original ecu settings to allow the car to be stock when in for warranty service. The tablet plugs into the OBD II port of the M4, and can also read and clear diagnostic codes. Price is only \$499. Carbahn, Steve Dinan's new firm, also offers a similar solution (tinyurl.com/ya3o5zar), but its priced a bit higher at \$850. I am watching reviews and will make a decision shortly. Stay tuned, as they say.

I think everyone enjoyed this year's Christmas Party/ Picnic at Carlin Park. I though the event was a little under attended, let us know if the location was an issue for next year. I know Ghost had a good time (including a delicious rib or two).

I want to wish every club member and their family a happy, healthy New Year.

1935 NW 40th Court, Pompano Beach, FL | 954.746.0488 | www.2fam.com

I first became aware of BMW's in the early 70's when I lived in East Norwich NY (Oyster Bay).

My next door neighbor had, a 2002 1970 (?)...

In early 74 I owned my first BMW 2002, it was a 73 Tii that I bought from Competition and Sports Cars in Greenwich CT. I do not remember what I paid for it, but it was "bargain priced" because it had about 45,000 miles on it, and at 1½ years old, the dealer did not want to "retail" sell it.

I had that car for about four years as a daily driver, using it to drive to Long Island City where I worked.

I had the car repainted, added a 5 speed transmission, a front spoiler, changed the wheels and tires, added an ANSA exhaust; finally selling it at about 160,000 miles.

I joined the BMWCCA around 1975 and got involved in the Club. We had regular Club meetings at various restaurants on Long Island, in Queens and Westchester, and back then there would be twenty or thirty 2002's in the parking lot with their hoods up. The Club was all about car enthusiasts and the cars back then talking about mods and performance.

I also bought a used '72 Bavaria from Competition in '75 for my wife to replace her Pontiac Station Wagon.

I had it at work one day and someone made me an offer I could not refuse, so I sold it. Needless to say my wife was a bit perturbed, but, that was followed by a beautiful '73 3.0S, so happy wife (happy life —ed.). Then that got sold, another Bavaria followed, then a 2800CS, an E21 320, a 630, and a few Mercedes Sedans.

As you can see cars have been a "sickness" for a long time, and I have owned over sixty since my first, a 1935 Chevy my dad bought for me in 1950, when we were both 15 years old.

A group of us somehow wound up as club officers and I took on the job, along with another member, as Co-editors of the Club magazine, *DIE ZUGSPITZE*. We put a lot of time and effort into the magazine and even won a national award as best publication.

Staff meetings were held at my house about once a month, and we set up rallies, events and obtaining speakers from tire companies, and equipment suppliers for our monthly meetings.

In the early 80's I met a guy who had imported a "grey market" Mercedes Benz 350 SL. After a short discussion I decided to go to Germany and buy a 911. While I was there I discovered the 323's (E21). These were cars that BMW, NA never imported into the USA, but were very popular with German performance people as they had the small six cylinder engines, four headlights and four-wheel disc brakes. This was a BMW hot rod compared to our four cylinder slugs. I bought one, shipped it home, had that car federalized and took it to one of the BMW club meetings where it got sold that night.

So now another few trips to Germany for a few (actually more than a few) more 323i's.. a few 911's also, all while supposedly working a regular job as an architect and getting sick for a week at a time.

Which brings me, retired, to Florida where I am on my third 5 Series Touring (unfortunately no longer imported since 2010). I also have had a few 3 series, a 535is, an L6, sold to another club member...and so it continues. I miss having a manual transmission car so the hunt for a late model E30 convertible has started. I am also a 30 year PCA member.

How Do I find Out About the Chapter Events?

We send out email blasts to our membership to keep you informed in between the newsletter. But our members are "opting out" or unsubscribing instead of deleting that Email. At that point, you are also eliminating receiving your newsletter. YOU are going to MISS OUT on the BMW Experience!

Emailing to the chapter members is the preferred and doable medium of information via Constant Contact.. We send out (maybe) two email blasts a month. It is important to keep your email address updated with the National Office on your profile (www.bmwcca.org). That is the data base that is provided to the chapters monthly. You ARE NOT GETTING anything from us if you have opted out or have the wrong email address listed. A one-stop update spot and you are back in the know!

PLEASE keep your email, contact information updated with the National office. Be in the know of all things BMW – so you too can enjoy the BMW Experience.
