## Colombian Mountains in a 2017 BMW X1

*Story and Photos by Raul A.  
Reyes*

Came to Colombia to attend and be the best man at my dear friend's wedding, after the ceremony and reception during their honey moon I got to drive his recently owned 2017 BMW X1 with just above 5k Kilometers on the clock. So it was the perfect opportunity to take a road trip and enjoy the Bimmer hugging turns through the nice mountains of my natal country.

The first day I departed from Bogota, approximately 10,000 feet above the sea level and drove through the mountains to a city located only 60 miles away but only 951 feet above the sea level. You can do the math and imagine how enjoyable the drive was. The Bimmer handled like it was on rails through the turns, the control of the sequential transmission to keep the car at safe speeds

## *Pole Position by President Bobbi Treen*

At our June monthly social meeting, we were honored to have Scott Dishman, Executive Director of the BMW CCA Foundation join us at our dinner meeting (yep free desert too!) and visit with us as he continued his journey to the south area of our chapter. Scott spoke of the appreciation the Foundation has for Everglades Chapter and the continued support of it and Tire Rack Street Survival. The BRICK Building the Foundation fundraiser is ongoing. IF you did not get YOUR brick, you still can. Your donations, monetary, in-kind, or buying a brick (portion of that) are all tax-deductible! You will get an official letter from Scott that is IRS approved!!!!

Amazon shopper? Whether you make online purchases that are few and far between, a holiday shopper or everything you get is from AMAZON - If you need to make any purchase – ongoing or just because – switch to the Smile Amazon experience. There is information on the how to on our back cover of this issue. With the eligible purchases, you make thru Smile.Amazon.com, Amazon will make a donation to BMW CCA Foundation. Amazon has donated nearly \$54 million to various charities since it began. Why not shop with Amazon, shop with a smile! Smile.amazon.com: let the donations roll in! We thank you for supporting the BMW CCA Foundation!

Mike Willette has recently signed up as an Ambassador for the Foundation joining myself and Shannon Wadsworth. Being an Ambassador is a volunteer position – to promote the BMW CCA Foundation, to get the word out to our members and everyone else! IF you are interested, let us know!

Heroes of the Bavaria – at the Foundation! We are in full swing – hitting the road for all things BMW! Our road trip to the Greenville SC area is packed full of stuff to do and places to see. Travel day is Thursday, August 3 to drive up (unless you are in the area already or drive like a you know what to be there Friday morning! I do not know what you are doing, but the cool kids are leaving Thursday morning to arrive in Greenville early evening. We will be meeting at the Performance Center Friday morning around 10:30am; followed by a tour of the Zentrum; sites of Greenville. Saturday morning, on the 5th (11 -3) is Member Day at the Foundation – BUT you do have to register for that – buy your ticket online - \$20/per person). We have planned a drive up to the mountains and back to Greenville for dinner. The time/place TBD. The hotel I have made arrangements with is the (IHG) – Crowne Plaza at I-385 and Roper Mountain Rd. We have secured a rate of \$126 per night. It does include parking and breakfast for one person. (online use the group code EVE; if you call the hotel Everglades BMW CCA group) On Sunday – on your own, to travel home or hang out in the area – mini-vacation! Send me an email if you plan on going – robertatreen@gmail.com call or text 561-818-4BMW (4269) (Tell me who you are!) JOIN us if you can. Coming UP: ANNUAL ELECTION of Chapter Officers:

Nominations for chapter officers will open at the October monthly social meeting (third Tuesday the 16th), The Nominations Chairperson will accept nominations for thirty days, until Nov 16th. I will appoint a chapter member (that is not interested in an elected position) to be our Election Chairperson. Positions open for nominations for the 2018-2019 term: Vice –President Operations, Treasurer, and Vice-President Social. Any member, in good standing, of Everglades Chapter is eligible to be nominated, by another member in good standing of our chapter. If you are interested, but want more information, please contact me or any of the officers for a quick job description. The Chapter By-Laws, with the description of the positions, are posted on our webpage. More – complete information of the election process, will be provided in the next issue. If we do not have opposing members nominated for a position – no election ballot will be mailed for voting/processing. Reminder: The position of Membership Contact and Editor are non-elected positions. Just someone that is a gluten for punishment (Ed. I know).

We are still looking for suitable places for a TRSS. An empty parking lot might “look” acceptable but they are many other factors involved. If you come across a parking lot – suitable – no poles or trees or stuff in the way, let us know – call or email – with the REAL Address. We cannot check it out via google earth or even to drive there if we do not have a good address. I am a decent navigator, but not always (hmmm...)!

Jon van Woerden has moved his Cars and Coffee to the Xtreme Action Park (Ft Lauderdale). We are still meeting at Autogeek in Stuart and at the Palm Beach Outlets. AND there are plenty more in the area.

The idea of the Sunrise to Sunset tour or the Sunset to Sunrise Tour (either way, ROAD TRIP!) over to Naples with a few touristy adventures, is still on the table. WE will get something together and you will be the second one to know.

## Editor's Corner by Michael J Posner

Like Apple, BMW now has a non-salesman genius at the local BMW Showrooms. I have had a chance to deal with two to date, and I think BMW needs to train them better. In one case the issue could not be resolved (more on this latter). The second was whether Apple Car Play could be added to a new BMW by the local dealer if the car was not ordered that way. The genius told me no, it was factory only. Well five minutes on the intewebs and I learned that most new BMWs built after 9/1/16 can add Carplay via the BMW App Store ([tinyurl.com/y8jhqup2](https://tinyurl.com/y8jhqup2)).

My latest gripe is my forgetful infotainment system. I am a big podcast fan (skeptics guide to the universe and revolutions to name two), played over usb to an iPhone 6. After I shut the car off after listening to a podcast, when I return the car will sometimes pick up the same podcast, but on other times it plays the first song on my iPhone (à la Menthe from Oceans 12). I then have to go to search, genre, podcast, artist, track to re-start my podcast. The switch pattern is random, and not dependent on time. I have tried switching to the radio before shutting the car off to no avail. The BMW genius researched but found no answer to the problem. Some blame the phone, not the car. However, if I have to listen to à la Menthe one more time.....

My assistant and my partner both came to me recently about warning lights on their non-BMWs. Using my trusty OBD-2 reader (works on BMWs too), I diagnosed transmission issues for both cars. I asked whether they had ever changed their transmission filter and fluid and both said no (despite 185,000 and 110,000 miles respectively on each car).

Oil is the lifeblood of car, and not just engine oil. Do you think Keith Richard is still running on his original oil? There is transmission oil and differential oil. Both need to be changed on a regular basis. Despite BMWs claims of a life-time fill, if you intend to keep a car over 100k miles, these fluids should be changed. I recommend differential oil and manual transmission oil every 30k miles and autobox oil every 60k miles. These changes should get the car to at least 200k without major failures.

without punishing the brakes too hard was amazing, overall a great machine.

And this is how here on the Equator line, you can experience different "seasons" temperatures in a matter of a couple hours. In just 2 hours we went from Bogota that

stays yearlong at approximately 65 degrees to the smaller town of Girardot that is always at around 90 degrees. This trip had a great beginning, and could only get better!!

Next morning, we were already done with the mountain driving so it was time to test this Bimmer on the plains, departed from Girardot towards the beautiful Lake of Prado, another 60 miles away. This time we decided to stop in every town we approached to enjoy the various typical gastronomy and to shop different crafts made by the locals. Once again the Bimmer showed us its potential, letting me pass 2,3,4 or even more cars at once on double way roads. Once at the port, we went to a restaurant overlooking the lake and had a delicious fresh caught fried fish.

The next day, was time to go back to Bogota from Girardot.

That meant the same 10,000 feet in 60 miles on the other direction, and that's where the Bimmer really shined. The small yet powerful 2.0 engine is plenty for this vehicle, the 8

speed automatic transmission is very precise and was ready at all times when I needed to hit the gas to pass slower traffic on the very short straights.

Short three day trip, but enjoyed every second of it. In Florida, we do not have the opportunity to do this kind of driving so really appreciated being able to do it with the Ultimate Driving Machine.
